

Dimensions

Length	12.165 mm
Width	2.550 mm
Height	3.400 mm

Passengers area

Num. of doors	3
Num. of seats	22 + 1 wheelchair / prams area
Structure	Bolted aluminium

Powertrain

Type	Central synchronous motor
Nominal power	185 kW
Traction capacity	Even on maximum slopes of 15%

Energy Storage System

Battery technology	LFP
Slow charging	Installed energy: 470 kWh Charging power: Up to 300 kW

Equipment

GSR2 General Safety Regulation
Masats electric doors
Double sliding doors
USB sockets
Wheel covers
Electric PRM ramp
Rear view mirrors with cameras and reversing camera
AVAS (Acoustic Vehicle Alerting System) integrated according to the R138 standard
